MEMORIA PRESS

ONLINE ACADEMY

SUGGESTED ONLINE SEQUENCE

The courses that are listed together below are courses that complement each other in several ways, and there is a suggested Middle School and High School sequence. Please, feel free to adjust and modify your schedule differently than what we have listed here. What we have below is an ideal course of study from the perspective of how we do things at Memoria Press Online, and the curriculum is progressively more challenging as your student advances to the high school years. The Latin sequence is color-coded to help you progress through the program with ease. If you are following the Memoria Press *Form Series*, when you have completed Fourth Form, then you will want to transition to HS Latin III: Caesar, which will eventually culminate in HS Latin IV: Cicero or Aeneid. Alternatively, if you decide to start your Latin studies with Henle, simply progress through the track that you choose (purple or blue). We also have French and Music courses that can be easily integrated with any of these sequences of study. As always, if you have further questions, please feel free to give us a call at 877-862-1097, or email us at help@memoriapress.com.
