

# FIRST-THIRD FORM RECITATION LIST

Below is a comprehensive list of the forms from *First-Third Form*. They have been arranged by part of speech for easy reference. You may do all of the recitation in one day (perhaps the first day after summer break to see how much students remember), but you will probably want to spread the recitation over several days. Choose a different topic or topics each day. A "topic" does not have to be all the verbs or all the nouns, etc. You could choose only the 1st and 2nd conjugation, or the subjunctive of all 4 conjugations. Your choices will depend on the needs of your students.

All of the *First-Third Form* recitations below can be found on the *Fourth Form* DVDs.
