Letter Connections Review

Lowercase letter connections come in three forms:

1. SMILES – Most letters end with a smile. The end strokes come up from the baseline.

2. GRINS – Four letters end with a grin. The end strokes have a high ending.

3. JUMPS – Four letters end with a jump. The end strokes jump up from the baseline.

Practice connecting all the above letters.

Artwork - Draw a picture of something that begins with an A, B, and C. For example: apple, boy, cat.

Word Spacing and Slant

The space between words is equal to a lowercase o. Practice writing the Pledge of Allegiance twice, keeping your word spacing and slant consistent.

Pledge of Allegiance

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Use correct pencil position.
