3. How were the twins saved from drowning?  
*They were put in a basket instead of being thrown into the Tiber River.*
4. Who nursed the twins as infants? *A she-wolf*
5. Rome is on what river? *Tiber River (TY ber)*
6. How did Romulus and Remus avenge their mother's death?  
*They cut off the head of their wicked uncle, the king.*
7. On what hill did Romulus and Remus decide to build their new city? *Palatine Hill (PAL uh tyne)*
8. What disagreement did the twins have over the founding of their new city?  
*They disagreed over which brother the city would be named after.*
9. How did the twins seek a sign from the gods? *They observed any unusual flight of birds.*

## HONORS WORK:

1. How is the word *titan* used in English today? Give some examples.  
*In English we use the word titan for something really large or oversized—like football players! The Tennessee Titans; or Rockefeller and Vanderbilt were "titans" of industry.*
2. Why were the Romans called the she-wolf's litter?  
*The legendary story of Romulus and Remus is symbolic of the extraordinary character of the Roman people. Romans were called the "she-wolf's litter" because they were descended from men so fierce and courageous they were suckled by a wolf instead of a human mother!*
3. In Genesis 4:1-17, what did Cain do after he killed Abel? St. Augustine compared Cain and Abel to Romulus and Remus in that both Cain and Romulus killed their brothers and then went out and built a city. Separation from brothers is often the beginning of a new nation or city. How is this true of America?  
*Cain founded a city after he killed Abel. American colonists fought with their brothers (the British) in forming our nation.*
